

UNIVERSITY OF DELAWARE ENERGY INSTITUTE SYMPOSIUM

Agenda: March 17, 2008

[View
PDF](#)

Energy, the UD Energy Institute, and Symposium Objectives

Mark A. Barteau – Director, UD Energy Institute

[View
PDF](#)

The Sustainable Energy Utility

John M. Byrne – Director, Center for Energy & Environmental Policy

Biofuels Needs and Opportunities - An Industrial Perspective

Dr. William D. Provine – Global Technology Manager, DuPont Biofuels

[View
PDF](#)

High Efficiency Photovoltaics

Christiana B. Honsberg – Associate Professor, Electrical & Computer Engineering

[View
PDF](#)

Multi-disciplinary Research in Photovoltaics at the Institute of Energy Conversion

Robert W. Birkmire – Director, Institute of Energy Conversion

[View
PDF](#)

Solar Demonstration Project

Robin Morgan – Dean, College of Agriculture and Natural Resources

[View
PDF](#)

Combining Wind Electricity Generation with Storage in Electric Vehicles

Willett M. Kempton – Associate Professor, Marine and Earth Studies

[View
PDF](#)

Novel Materials for High Energy and Power Density I

George Hadjipanayis – Chair, Physics and Astronomy

[View
PDF](#)

Novel Materials for High Energy and Power Density II

John Q. Xiao – Professor, Physics and Astronomy

[View
PDF](#)

Fuel Cells: Opportunities and Challenges

Ajay K. Prasad – Director, Center for Fuel Cell Research

[View
PDF](#)

Electrocatalysts for Fuel Cells

Jingguang Chen – Professor, Center for Catalytic Science & Technology
